## NHS England care.data

**Care.data:** How Information about you helps us to provide better care.

Information about you and the care you receive is shared, in a secure system by healthcare staff to support your treatment and care. NHS England would like to link information from all the different places where you receive care, such as your GP, hospital and community service, to help them provide a full picture. This will allow them to compare the care you received in one area against the care received in another, so that they can see what worked best.

The NHS England's care.data leaflet can be found on the NHS Choices website ([www.nhs.uk](http://www.nhs.uk) <http://www.nhs.uk/nhsengland/thenhs/records/healthrecords/pages/care-data.aspx>)
